Early On Center Instructional Resource Alert

Now Available Under Instructional Resources

[Delaware Early Childhood Resource Toolkit](http://earlyoncenter.org/resource.php?ID=95)

(<http://earlyoncenter.org/resource.php?ID=95>)

The **Delaware Resource Toolkit** is a set of resources to build knowledge and skill related to key domains of development as described in Delaware Early Learning Standards. Some resources in the toolkit are Delaware-specific but many of the resource are relevant and can be used by any state.

The toolkit includes content areas of:

Foundations of Early Childhood Quality (in Delaware) Ability Diversity/Inclusion
Approaches to Learning Creative Expression Cultural Diversity
Health, Safety, Nutrition, and Physical Development
Language and Literacy
Linguistic
Diversity Math and Science
Observation, Screening, Evaluation, and Assessment
Social Emotional Development

Each content topic is divided into evidence sources, articles, audiovisual materials, and web resources.

[Ten Simple Ways to Encourage Learning - Booklet](#)

(<http://earlyoncenter.org/resource.php?ID=96>)

The Ten Simple Ways to Encourage Learning **booklet is a free information guide** to help support families, caregivers, and children during the earliest years of learning. This booklet is designed to **support the learning** experienced by children **from birth through age five**. It is available for download in English, Spanish and Tagalong.

[Essentials for Parenting Toddlers and Preschoolers](#)

(<http://earlyoncenter.org/resource.php?ID=97>)

Designed for parents of **2 and 4 year olds**, Essentials for Parenting Toddlers and Preschoolers is a free, online resource developed by the Centers for Disease Control and Prevention (CDC). **Common parenting challenges are addressed** through articles which offer skills, tips, and techniques; fun and engaging videos that demonstrate and discuss skills, interactive activities, FAQs, and free print resources.

[Early Brain and Child Development Training Modules](#)

(<http://earlyoncenter.org/resource.php?ID=98>)

The American Academy of Pediatrics (AAP) developed **5 training modules** that focus on early brain development, toxic stress, adverse childhood experiences, supporting parents, cultivating relationships, and advocacy. Each module takes about 45 minutes to complete.
